

Virtual General Meeting
Manual for Virtual Meeting

ASM International NV
March 31, 2021

The set up of the AGM is a virtual one. This means that shareholders do not have the option to attend the AGM in person!

The shareholders do have the option to participate in the meeting in the following ways:

- Shareholders will be able, as usual, to exercise their voting rights by providing a proxy with voting instructions. The AGM can subsequently be followed through a real time webcast. Subscription to the webcast is described in the convocation;
- Shareholders will also have the option to attend the AGM online and real time via the internet, by following the proceedings of the AGM via the online platform, including voting on the resolutions during the meeting.

This manual is for the second option.
